The MAP

Fabric & Wallpaper Panels

A print based on an extraordinary Indian embroidery from the V&A Museum, a 19th century map of Srinagar which took 30 years to embroider and is thought to be one of the most valuable textiles in the world.

MAP Maxi sold as 2 separate panels that join with 1cm seam allowance.

BORDERS

There are 4 options for the Border on the MAP

• FULL Border = DEEP Border + FIGURES top & bottom

• DEEP Border

• FINE Border

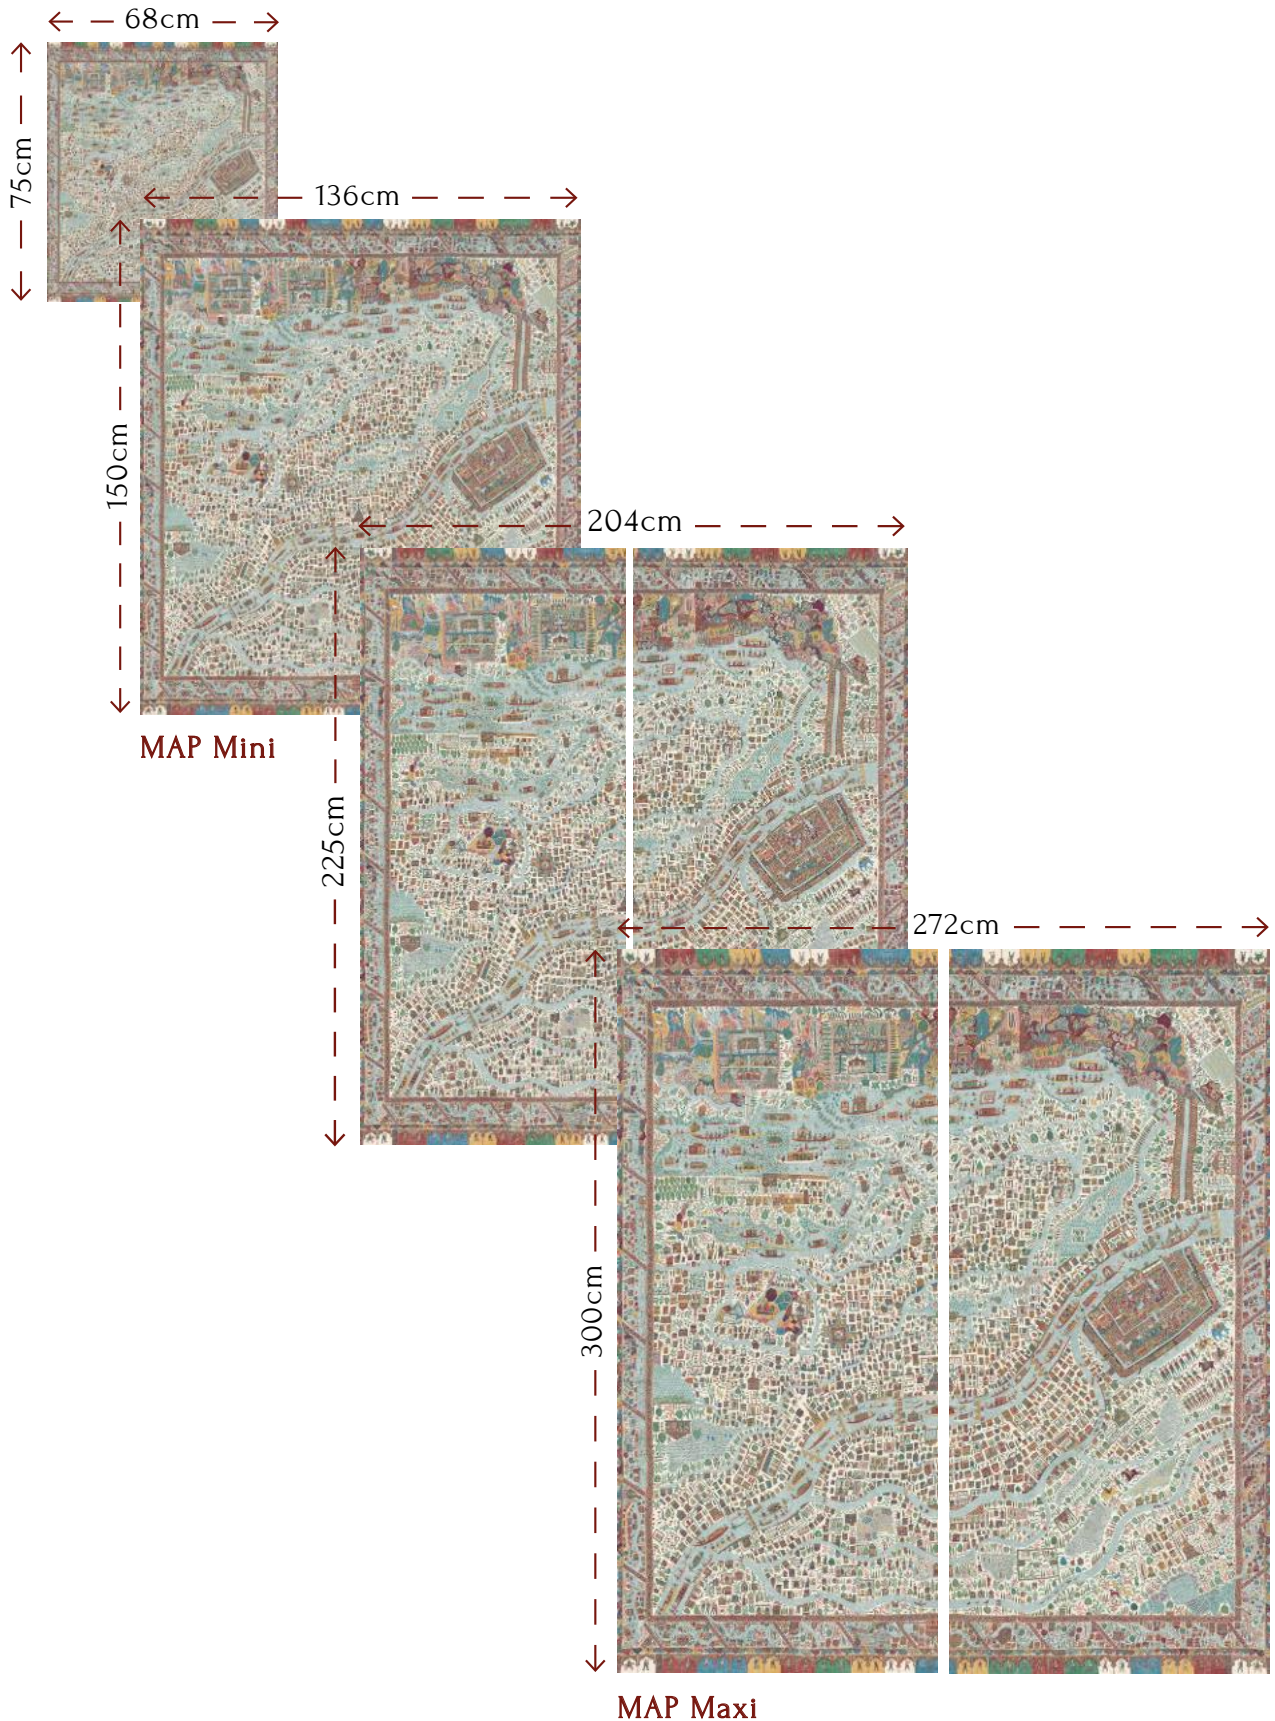

• NO Border

		MINI	MAXI
FINE Border		1.5cm	3cm
DEEP Border		8.25cm	16.5cm
FULL Border		4cm	8cm

SCALING

- The MAP can be reduced or enlarged to a scale that suits your project.
- Please be aware that when height is changed the width will change and vice versa.
- If you are interested in ordering the MAP at a different scale please contact bespoke@lewisandwood.co.uk.

- We can enlarge up to twice the scale of MAP Maxi. This would be printed over four panels.
- Going larger than **MAP Mini** standard scale will require the design to be printed over 2 panels.
- Going larger than **MAP Maxi** standard scale will increase the number of panels:
150% scale - 3 panels
200% scale - 4 panels

BESPOKE

DIMENSIONS

- Standard measurements
 - **MAP Maxi** 3m high x 2.7m finished width.
 - **MAP Mini** 1.5m high x 1.34m finished width.
- A reminder that if you choose a bespoke height the width will change and if you specify a new width the height will change. You cannot choose both height and width.
- The following calculations will give you an approximate height and width based on your bespoke measurement.
 - Bespoke height x 0.9 = approx new width.
 - Bespoke width x 1.12 = approx new height.

BESPOKE MEASUREMENTS

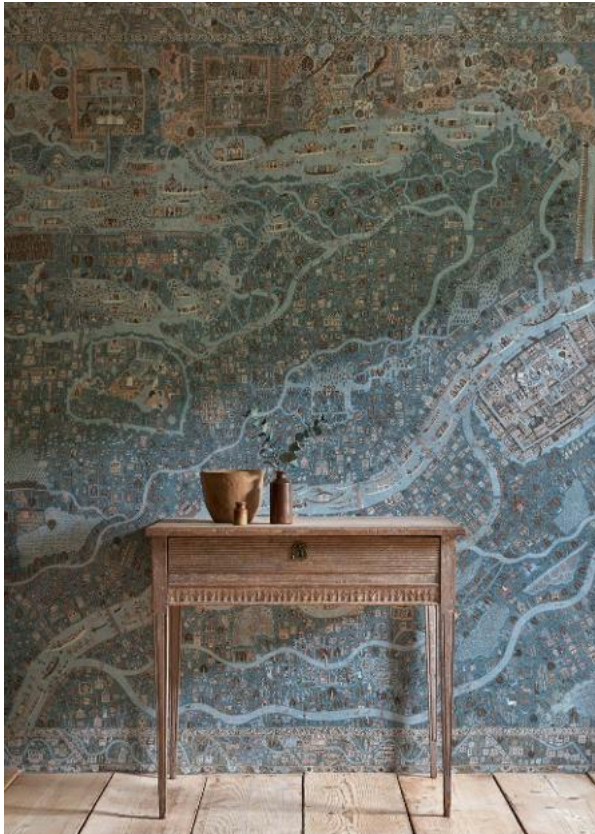

- On wallpaper it is easy to print to precise measurements for installation.
- With fabric panels the final lengths can be affected by the finishing process, so it is harder to print to exact measurements. Fabric goes through heat and tumbling which can lead to a small 3-4% variation on lengths, depending on the fabric batch.
- For curtains we recommend printing Maxi panels without the top Deep Border to give more leeway on final curtain length.

BORDERS

- There are 4 options for the Border on the MAP: See page 3
 - FULL Border (DEEP Border & FIGURES top & bottom)
 - DEEP Border
 - FINE Border
 - NO Borders
- If you are interested in ordering the border on its own please contact bespoke@lewisandwood.co.uk.

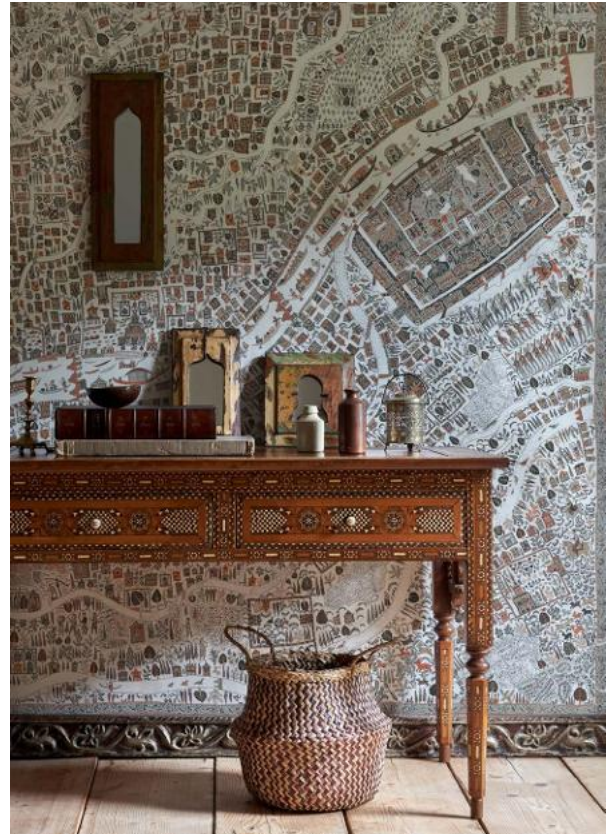

FEES

- Studio Artwork fee for bespoke scaling £140 + vat depending on the size of the project.
- Production Price charged by the metre, according to height of MAP panels + 10% bespoke surcharge.
- Full procedure sheet available on Trade Area of website under Studio Service.

UTOPIA

- As part of the MAP collection we have developed UTOPIA, an easy-to-use repeat version of MAP Maxi.
- Cuttings for MAP Maxi and UTOPIA are identical; same scale, same colouring, just a different repeat.
- See the MAP in detail in the Videos section on our [Home page](#).
